WORK EXPERIENCE

Fuvay Technologies Pvt. Ltd
Senior Full Stack Developer

2018 - PRESENT

- Led the design, development, and deployment of scalable web applications, improving performance by 30% across key platforms using React.js, Node.js, and MongoDB.
- Spearheaded the development of microservices architecture, reducing system downtime by 20% and improving app modularity.
- Architected RESTful APIs and integrated third-party services, enabling real-time data processing and improving response times by 40%.
- Collaborated with cross-functional teams, including UX/UI designers, product managers, and QA engineers, to streamline the development lifecycle and ensure timely delivery.
- Managed code review processes, optimized testing practices with Jest, and enforced best coding practices for a team of 10 developers.

Bayatree Infocom
Junior Full Stack Developer

2014 - 2018

- Contributed to the development of full-stack web applications using React.js, Node.js, and Express, improving feature delivery speed by 15%.
- Assisted in building and maintaining RESTful APIs to connect frontend features with backend services, improving data flow and efficiency across the platform.
- Developed database schemas and queries using MongoDB and MySQL, optimizing data retrieval times for key user operations.
- Assisted in deploying applications using Docker and automated CI/CD pipelines to streamline release cycles.
