WORK EXPERIENCE

Fuvay Technologies Pvt. Ltd
Frontend Developer

2022- PRESENT

- Developed and maintained responsive web applications using HTML, CSS, and JavaScript, enhancing user engagement by 25%.
- Implemented dynamic user interfaces with React.js and UI libraries such as Material-UI and Bootstrap, improving application performance and user experience.
- Collaborated with designers to create intuitive layouts and ensure adherence to branding guidelines.
- Optimized web applications for performance, reducing load times by 30% through code splitting and lazy loading.
- Integrated RESTful APIs to facilitate real-time data updates and enhance application functionality.
- Participated in agile development processes, contributing to sprint planning and daily stand-ups for effective project management.

Datopic Technologies Pvt. Ltd.
Junior Frontend Developer

2021- 2022

- Assisted in developing user-friendly web applications using HTML, CSS, and JavaScript, gaining hands-on experience in frontend development.
- Worked with React.js to build interactive components and improve the overall user interface, enhancing usability and responsiveness.
- Participated in team meetings and collaborated with designers to translate wireframes into functional code, learning the importance of UI/UX principles.
- Gained experience with UI libraries such as Bootstrap and Material-UI, implementing pre-built components to expedite development processes.
